

An AmeriCorps Member has selected you as their childcare provider for their term of service. Please note: all childcare providers must meet the state childcare provider requirements and regulations to be eligible for payment. Please refer to the [AmeriCorps Childcare Provider State Guide](#). Failing to complete or provide the information below will delay the childcare benefit application process. **If there are any pre-requisites required to become an approved provider, you must first meet those requirements before approval can take place.**

To confirm that you have a complete application, please make sure you satisfy the checklist below:
